Round Up For Real Change Benefitting Veteran Causes

To further support veterans and the military community, Chipotle has partnered with United Service Organizations through its Round Up for Real Change program. From Tuesday, November 11 through Sunday, November 16, guests can round up their total to the next highest dollar amount to donate to the USO, the nation's leading charitable organization in serving active-duty service members and military families.

Chipotle has also partnered with Folds of Honor through its Round Up for Real Change program annually since 2021. Thanks to guest generosity, this partnership has helped fund more than \$2.1 million in college scholarships for the children and spouses of America's fallen or disabled service members.

Ongoing Commitment To The Veteran Community

Nearly 800 veterans currently work at Chipotle, helping the company deliver on its mission to Cultivate a Better World. As an organization that aims to be a destination employer for veterans seeking to serve a new purpose, Chipotle launched its first military veteran workshop for hiring managers in 2024. The program provides practical, ready-to-use interview practices and solutions to help attract and retain military veterans and their spouses/partners. The training emphasizes eliminating biases about veterans, improving candidate assessment and skills matching, and promoting a culture of belonging that embraces and understands the military community.

*The BUY-ONE-GET-ONE (BOGO) offer is limited to five free entrée items per check; each free item requires purchase of an entrée item of equal or greater value and may be collected only by the customer holding the military ID.
